

**Report by: RUSSIA**

**Report period: 01/07/2006 to 30/06/2007**

**1. SURVEILLANCE ACTIVITIES**

| Name of vessel | IRCS | Flag State | Date | Position | Activity |
|----------------|------|------------|------|----------|----------|
| 0              |      |            |      |          |          |
|                |      |            |      |          |          |
|                |      |            |      |          |          |

**2. BOARDING AT SEA**

| Name of the vessel<br>IRCS | Flag State | Date (s) | Position (s) | Main conclusions |
|----------------------------|------------|----------|--------------|------------------|
| 0                          |            |          |              |                  |
|                            |            |          |              |                  |
|                            |            |          |              |                  |
|                            |            |          |              |                  |

**3. PORT INSPECTIONS**

**3.1 Inspected vessels**

| Name of the vessel<br>IRCS | Flag State | Date (s) | Port (s) | Result of the inspection<br>(included motif for call to port) |
|----------------------------|------------|----------|----------|---|
| 0                          |            |          |          |   |
|                            |            |          |          |   |
|                            |            |          |          |   |

**3.2 Authorisation for landing or transshipping**

| Name of the vessel<br>IRCS | Flag State | Date (s) | Port (s) | Refused (R)/if granted, indicate evidence presented |
|----------------------------|------------|----------|----------|---|
| 0                          |            |          |          |   |
|                            |            |          |          |   |
|                            |            |          |          |   |
|                            |            |          |          |   |
