

**Nordic Network
At the Nordic Council of Ministers
Copenhagen 24 November 2010.**

A note by the NEAFC Secretariat

1. Introduction

The Nordic Network has met once a year. It is arranged by the Nordic Council and brings together senior Nordic fisheries managers, from Denmark, Finland, the Faroe Islands, and Greenland. Iceland, Norway, Sweden and Åland, with Nordic employees at international organisations. This year there were representatives from the Nordic Council, Eurofish, Baltic RAC, EFTA, EU DG Mare, FAO, ICES, NAMMCO, NEAFC and OECD. The working language is Scandinavian.

2. The Meeting

Participants updated the meeting on recent developments in their organisations and initiatives. The NEAFC Secretariat informed about work in NEAFC since the NEAFC convention was updated in 2006. Reference was made to NEAFC participation in international meetings in the UN, Nordic meetings, Arctic meetings, CBD and FAO.

There is no report from the meeting. Each participant takes his own notes.
